

ANKI

ANKI Rugs - Est. 1968

Custom handmade rugs are our passion. Originating from the village of Kaavi in northeastern Finland, we take pride in offering sustainable rugs, custom designs and services. We are on this mission since 1968.

This is unique custom-made quality for your home to live, breathe and play on. Our rugs are tailored to your wishes. ANKI Rugs are a sustainable choice for interior design and environmentally conscious living. Our styles enrich urban apartments, folklore and heritage sites, or your vacation paradise in the countryside.

Custom Handmade Rugs

Our collection of handmade rugs consists of designs and styles with an elegant yet classic Nordic touch. Our materials are pure and natural, cotton for weft and strong linen for warp. We combine these materials with the craftsmanship of our professional artisans and great attention to detail to achieve the legendary ANKI look and durability.

At ANKI we produce everything by hand. Our selection of over 300 colours and customized designs make it possible to elevate any interior with an inspiring and cool rug.

ANKI rugs are pretty and highly functional – they are reversible, easy to wash and allergy friendly. Cotton does not tie dust and can be washed with soap and water. Special detergents or chemicals are unnecessary. The ANKI cotton rug keeps its shape and will last for generations.

300 colours & 30 designs

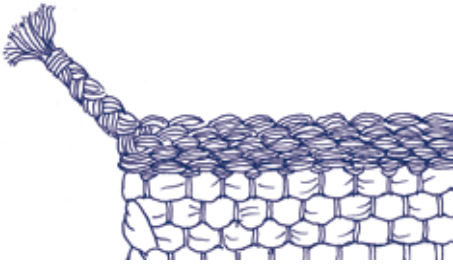

The ANKI palette offers you nearly limitless colour possibilities. The 40 most popular colours are featured in this brochure and in the ANKI Rug Design Tool. Our sample service is happy to show you more possibilities.

Perfect size

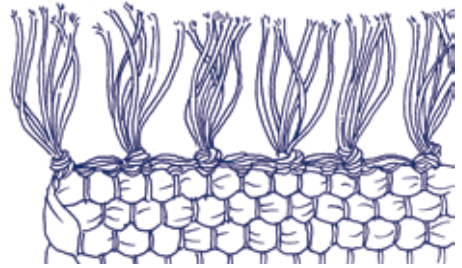

In addition to the colours and designs, you can select the perfect size. We offer widths from 60 cm to 600 cm and lengths up to 17 meters. Our designers are happy to support you throughout the design process.

Finishing

There are two options for the edging.

Hand-braided linen edging
Kaavilainen

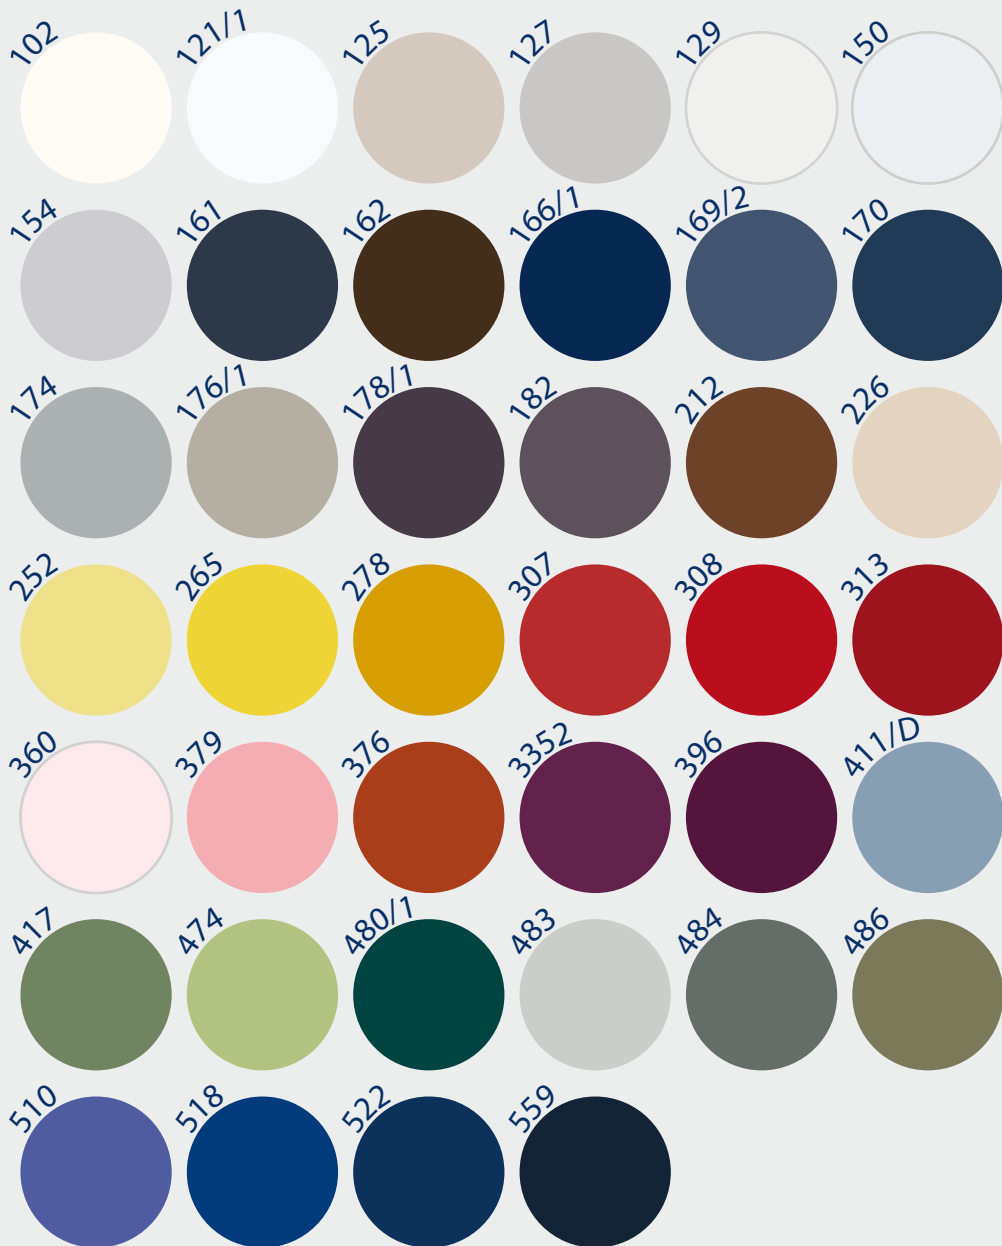

Traditional linen fringes

Release your creativity and become the designer of your own unique rug
